From The Study

A **HARVEST SUNDAY** event is being planned for North Greenwood Baptist Church for the morning of **August 27** in both morning worship services. On this day our friend, Evangelist Gary Bowlin, will be bringing the messages. As the name hopefully suggests, **Harvest Sunday** will seek to see a number of salvation decisions along with others uniting membership at NGBC. This essentially gives us 6 weeks of prayerful preparation and planning in hopes of witnessing a number of significant decisions for the Kingdom of God. I'm asking every member reading this to immediately place this day on your calendar with plans for being in attendance. There will be efforts in place for High Attendance in Sunday School as well. My biggest challenge to our membership is to begin asking the Lord to burden your heart for lost friends, relatives, work associates, classmates, neighbors and anybody else the Lord lays on your heart to begin praying over. Part of the prayer might include your making a prayerful effort to establish lines of communication with these individuals with further plans of seeking their attendance of NGBC with your family on that day. I believe strongly in the "gift of the evangelist" for the local church and have seen where God has used Brother Bowlin in a mighty way in these events around our state. This will likely mean that no fall revival will take place on the calendar for our church. The last couple of years those have been so poorly attended with the busy schedule of the family in these days. **August 27** will be the last Sunday before the fall college football season begins, which again results in a number of people not returning for church following their trips to the games. I fully understand this so securing **Harvest Sunday** for this date prayerfully will be seen as a great church-wide effort of outreach moving into the fall. Stop right now and place this event on your calendar please.

Lord willing we will move into Revelation 2 this Sunday morning in our ongoing series. The seven churches of the Revelation were actual fellowships in the first century who were undergoing persecution for their faith and Satan was having a heyday discouraging them and turning hearts away from the church. He's still doing it and being quite successful at it too by the way. I've really been enjoying my preparation time for this series as well as receiving feedback from a number of you that are digging deeper into your bibles for this study. If you miss a Sunday go back and listen to the service on our Facebook page or through other social media means. It really is critical to keep up with the study since most of my lessons pick up where the last weeks' message left off.

Be in prayer for our New York City Mission Team leaving this Saturday for the Big Apple. Bro Dustin and the team will be bringing a report to the church upon their return.
